Consequences

1. Warning
2. Stay after class
3. Notify your parents
4. Notify the administration

Caveat: Mr. Causey will meet with your parents to obtain the desired results.

CLASSROOM PROCEDURES

Class Structure

When you enter the classroom, please take your seat and prepare your assignment book. Then check the board for any changes that may have occurred in our schedule. Please start the “Warm Up” or “Table Challenge” immediately without having to be told.

Door Prompts

A “Door Prompt” is an opportunity for you to show Mr. Causey that you are studying and preparing for class. A door prompt requires you to answer a relevant question about the subject matter in order to gain entrance. Be prepared!

Warm Ups and Table Challenges

The Warm Up is a short assignment that you will complete and correct at the beginning of class. The Warm Up is an excellent tool for evaluation and review. So, please do it!

Occasionally, you will find an activity at your table known as a Table Challenge. You are to begin the activity as soon as you have checked the board and prepared your assignment book. Please complete the table challenge and any written work involved.

Handouts and Worksheets

During the year, you will receive handouts to help you better understand certain concepts. You need to keep these handouts in your binder for future reference.

In order to help you focus on certain concepts, you will receive worksheets. These worksheets must be completed for optimum success. You need to keep these completed worksheets in your binder until the end of the unit.

Please do not treat handouts or worksheets lightly!

Homework, Quizzes and Tests

Homework assignments will be given on a regular basis. Please do your assignments in the manner outlined by Mr. Causey and turn it in promptly to receive the proper credit. If you are absent, it is YOUR responsibility to obtain your assignment and complete it in a timely manner.

In preparation for tests, you will be given quizzes on a regular basis. You will be given advance notice for most quizzes. However, pop quizzes may be given to get your attention.

Unless you have been absent for a long period of time, you must take a test or quiz on the day it is given. If you are absent the day of a test or quiz, it is YOUR responsibility to arrange for a make up test or quiz.

Please do all calculations in pencil.

Labs

During the year, you will be doing several experiments to familiarize you with lab safety, lab equipment and lab techniques. In order to obtain maximum credit, you must participate in the lab activities. If you miss a lab for any reason, it is YOUR responsibility to arrange for a make up lab.

Grades

Tests and projects will be 60% of your grade. Labs will be 20%; quizzes will be 10%; homework will be 5% and warm ups will be 5% of your grade.

MATERIALS

Textbook: *Physical Science: Concepts in Action*; Wysession, Frank and Yancopoulos.

Paper: Laser perforated or loose-leaf notebook paper.

Please do all your homework on paper with clean edges. Laser perforated or loose-leaf notebook paper is preferred. You will need pens and pencils. If you choose to write with a pen, please use blue or black ink only and always bring a #2 pencil to lab.

SUPPORT
